

# The Burgess Shale Geoscience Foundation Field, B C

*Presents...*

Half a billion years ago was only the beginning...

## The Burgess Shale

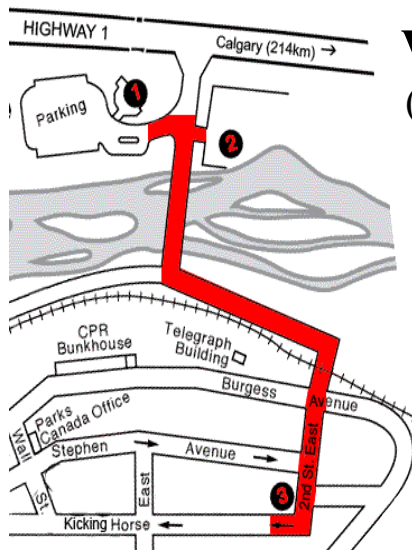

“the world’s most significant fossil discovery”

- STEPHEN JAY GOULD

**Did you miss your chance to hike to the Burgess Shale, or the Mt. Stephen trilobite beds, or don't have time? Join us for 1.5 hrs.**

You will understand how half a billion year old marine fossils are now found high in the mountains of Yoho National Park

Participate in a scientific journey of discovery of what life on earth was like during the Cambrian geological time over half a billion years ago.

**When:** Tuesdays and Thursdays at 12 noon and 7:00pm (local time). Bring your lunch.

**Where:** Field School, in the village of Field, no parking in the village—so please park at the gas station (Yoho Trading Post) or the Field Visitor Info Centre then walk 5 minutes to the school

**Fee - \$10 single, \$15 couple, \$20 family**

1. Field Visitor Information Centre
2. Yoho Trading Post (Field gas station)
3. Field Community School

Ph: 1-800-343-3006
